Lilydale Progressive acknowledges the traditional custodians of the land on which we live.

We also recognise the pioneering families who made our towns.

Message from the President LDPA Barry Hemmings

Dear friends and colleagues,

A FAVORITE old saying of mine is: "The past is a foreign country, they do things differently there".

The holiday season is a great time to reflect on the journey that we have been on.

My wife and I first visited the district 4 years ago on a motorcycling holiday from the mainland.

We did the tourism thing: visited the Lavender farm, did ziplining at Hollybank, etc. We liked the north of Tassie so much that we bought a house in Launceston. However, we kept coming back to the Lilydale district. For lunch at the Bean Barrow, for Sunday drives around the northeast, or to visit wineries.

I will never forget that first sight of the beautiful Karoola valley opening up below me as I came out of the forest near Mt Direction Olives on Pipers River road.

Two years later we were fortunate enough to find our own little part of the valley to call home. A year has now passed beside the river and my first impressions were right – it is stunning here.

Filled with optimism

Since my last communication, I have busily engaged in conversations with a range of community members. Business people, members of service organisations, and citizens of the district. Fascinating stories and experiences were shared and an interesting theme emerged throughout – folks love our district just as we do. And rightly so. I'm filled with optimism about the possibilities for our community and our district.

There has been so much change in the world since my last message.

Particularly, since the opening of the borders and the growth of Covid in the Tasmanian community.

Problems with Covid meant that the January market had to be cancelled.

We were also sad to lose our market manager Klare who has decided to focus more on her burgeoning soap and scented candles business.

CONTINUED PAGE 4

COVID safe, meeting goes ahead on the Village Green

THE LILYDALE District Progressive Association had possibly its most unusual meeting EVER on 5 January. With a full agenda, and not to be deterred by the COVID restrictions, the committee members settled into camp chairs on the Village Green. (From left) Treasurer Julie Hemmings, President Barry Hemmings and committee member Moira Scott. There's a lot for the newly elected committee to work through with the markets high on the agenda.

FROM PAGE 3

To Klare's great credit, the December market was a great social and commercial success with higher than ever attendance, great music, even a visit from the man in the red suit.

However, the association has decided to take this opportunity to pause and review the management arrangements for the market with a view to ensuring its future viability.

A new year also brings the opportunity for some forward-thinking.

Importantly, the association has begun the discussion around the development of a digital edition of the Lilydale Progressive.

This will be in addition to the print versions that we see in businesses around the community.

The digital edition will be a key platform in growing our conversation with the wider world.

Let's keep the conversations going.

Regards,

Barry Hemmings

Hikers take a break after Mt Arthur

DEBBIE Jepson says she came out of the Lilydale Takeaway to this great 'view' – a group of people satisfyingly eating freshly served ice creams from the Takeaway.

Against the backdrop of the painted poles and Mt Arthur in the distance, she offered to take a photo for them on one of their devices, which they were grateful to have.

Debbie said the visitors were from Georgetown and Launceston. "The youngest fellow piped up to say they had just done an 8 1/2 hour (well just over…) hike up and over Mt Arthur and back!

Debbie said: "Well done - and thanks for supporting local!"

Fair postponed

LILYDALE DISTRICT School has advised that the fair planned for 18 March has been postponed until September.

Watch this space!

Due to a number of unforeseen circumstances the fair won't be held and a new date is to be set for September.

OVERVIEW OF THE LILYDALE LANDCARE YEAR

By President, Nigel Russel - November 2021

WHAT A difference 12 months makes. This time last year we sat down and collectively were staggered by the amount of time that had passed since we last sat together.

While lock downs have threatened our activities this year its pleasing to reflect we have generally gone about our business uninhibited by the global pandemic. I for one am grateful the change in social restrictions as much of my Landcare time last year was spend writing a Covid Safe Plan, discussing with Landcare Tasmania our options if we could not hold an AGM and exploring if the Lilydale District Schools Wireless internet was strong enough at the courthouse to allow members to remotely Zoom into meetings. None of this was particularly interesting or satisfying for me.

So what's happened this year.

It started small, it was modest, but it was great. Late last year a dozen Underwood residents and Lilydale Landcare members gathering on a Saturday morning to plant trees and discuss what could be with the area on the corner of Underwood Rd and Glenford Farm Road.

Helen kindly sourced the trees and in short time many hands made light work getting them into the ground. Plus, we managed to get this site removed from an online publication listing it as a free overnight camping spot, despite the lack of toileting facilities or grey water drainage.

This project has since stagnated at a management level as coordinating an onsite meeting between an LCC representative, NRM and Lilydale Landcare has proved difficult. Despite this, local residents continue toiling at the site by removing weeds, checking the planting and constructing a rock path **d**own to the water's edge.

CONTINUED PAGE 7

FROM PAGE 6

In March of this year, Helen and Warwick opened up their property, which borders the upper Piper River, for a field day looking at Willow eradication and riparian restoration. While the event was largely organised by NRM North, Lilydale Landcare had a presence.

A great roll up of 30 something people attended the event to hear speakers discuss their experiences with willow and working with the dynamic riparian environment. Todd Walsh spoke about the condition of Tasmanian river systems and noted their general poor health, but he used Helen and Warwick's stretch of the river to illustrate what a really healthy Tasmanian river should look like.

Congratulations on receiving Todd's high praise, and on behalf of Lilydale Landcare I would like to thank you for sharing your property for the event and showcasing your hard work and the fantastic results you have achieved along your stretch of the Piper.

Grant submission

It was at this event that members from NRM North, East Tamar Landcare and Lilydale Landcare briefly discussed putting in a joint submission for a Weed Action Fund Grant.

A grant submission was eventually submitted with the Launceston and North East Railway group coming on board and a further 28 private landholders to address gorse in the Pipers River catchment.

The application was successful resulting in $130,000 of financial support over three years being made available by the state government.

The project aims to assists landholders to move towards eradicating gorse from their properties, map gorse in the catchment and educate people on best practice when dealing with gorse.

To date, an educational field day has been held at Fairfield, Lilydale. Thirty five people were in attendance to explore the options of addressing their gorse problem which include a drone demonstration, mechanical mulching display and traditional well proven methods of spraying and cutting and pasting.

On the day, three new local landholders signed up to the project and thank you to Ian and Brian for sharing with those present Landcare's longstanding attempts to tackle gorse in the district.

As a result of this grant, Ian has also met with Kay Bailey, from NRM, and a LCC representative at Merthyr Park to make a plan addressing the gorse issue there. Currently, LCC is seeking quotes to undertake the gorse eradication on both side of Second River road, which is a great outcome as the LCC has often been absent when requested to assist at Merthyr Park.

In Late September, our biannual major event, the Small Farm Field day was held at Sonoma Lodge. More than 500 people turned up for the event on a peach of a day.

People were treated to a comprehensive list of speakers discussing topics from regenerative ag to dung beetles, contemporary pasture management to biochar and feral cat management to permaculture.

Again, it was a great success. I would like to acknowledge the efforts of the NRM North team who assisted, especially Lauren Bird for coordinating the event, all the Lilydale Landcare members who volunteered their time to make the day happen and on behalf of Lilydale Landcare I would really like to thank Jillian and Ian for again offering up their home and hosting the day.

In closing I would like to acknowledge the efforts of the committee and thank them for their time, commitment and support they have kindly offered myself and the greater Landcare community.

I would also like to congratulate the whole of the Lilydale Landcare community on our accomplishments this year. Ultimately we are all volunteers, we all have another life outside of Landcare, yet we have realised so much and this needs to be celebrated.

I would also like to personally acknowledge Kate, who has been our secretary for the last seven years, as she has made it public that she will not be standing for this role again.

And finally, Happy Landcaring

Nigel

Footnote:

Welcome to our new secretary!

Moira Scott has taken over the role of Secretary of Lilydale Landcare.

Lilydale Smoke Alarm Project

Lilydale Fire Brigade is undertaking a Home Fire Safety program.

Stage 1 of the project aims to supply and install Smoke Alarms into the bedrooms of our most "At Risk" residents.

- Are you an older resident or living with a disability?
- Do you know someone who is?
- Would you like to register for a free bedroom smoke alarm?

To register contact the Lilydale Fire Brigade on:

- Facebook Messenger
- lilydalefirebrigade@gmail.com
- Mobile 0418 641 560.

WHERE THE LOCALS MATTER
SUPPORTING LOCALS - EMPLOYING LOCALS

HELLO ALL,

Many of us had hoped COVID would have disappeared by now and allowed us to live our lives with some form of normality.

COVID has been responsible for many community club changes. Once everything closed down many volunteers found other ways to occupy their time, and this has led to some clubs not restarting.

Lilydale Arts has been in recession for the last two years.

The committee is looking at the possibility of restarting in 2022.

Over the past years we have been responsible for the following:

- Promoting Art and artists in our community
- Providing musical events for our community
- Running the annual Lantern Walk
- Providing an annual pantomime
- Mural Painted Poles
- Art Exhibitions
- Craft activity events
- Monthly meetings and social get togethers

All these activities need people to organise and run them and the diminished membership of the Lilydale Arts Committee has caused us to consider the viability of continuing within the Lilydale Community.

We are seriously in need of new members.

At our AGM on Wednesday, February 23rd to be held at the Old Library at 7pm. (room next to the Upper Pipers craft Shop) the current committee will be considering whether to continue or fold.

Interested in joining?

If there is anyone interested in joining the Lilydale Arts please come and show your interest at this meeting.

We are hoping to see some new faces so that we can continue with the arts interests in our talented community.

If you are unable to attend the meeting but would like to express an opinion we can be contacted through our Chairperson, Ms Chris Bush on 0417 582 847 or chrisbush43@gmail.com

Brenda Radbone,

Secretary.

How to prevent birds flying into windows

WE ARE SO fortunate to have such an array of bird life in this beautiful region of Tasmania. Unfortunately, we've had many fly into our windows at home, always injuring themselves and often not surviving.

This was a particular problem in Spring and Summer but also happening throughout the year. We'd like to share a solution and it is totally effective!

Using a fine white marker pen made for writing on glass (available at Bunnings and elsewhere), simply draw VERTICAL lines 10 cm apart from top to bottom over each window. That's it, simple – no more birds suffering needlessly or dying by hitting your windows.

These pens make a very fine line and hardly impair the view at all; we no longer notice them.

Videos demonstrating this process can be found on YouTube by searching: *"How to prevent birds flying into windows."*

Happy New Year

Hanson family

Quinoa kale salad

Courtesy of Lilydale's www.thegentlekitchen.com

THIS HEALTHY salad is a meal in itself as the quinoa and cashews are full of protein.

You need to rinse the quinoa well and cook it in vegetable stock by absorption method. Make sure to include all the ingredients listed to ensure the salad has plenty of crunch from the diced onion, celery and apple. (I left the red apple peeled when I diced it to make the colours really pop in the plating (and also to keep those antioxidants!). The currants add sweetness as well as chewy texture. The salad had a lovely Indian flavour profile heightened by the limes, roasted cashews and the garam masala. The heat from the jalapeno chili and curry powder is balanced by the cooling flavour of fresh chopped mint leaves. In one mouthful all the flavours are brought together – a delicious way to eat salad! You could also add a diced avocado to complement the spicy flavours.

QUINOA

1 cup quinoa
1 3/4 cups stock or water*
sea salt, to taste

CURRIED CASHEWS

1/2 cup raw cashew nuts
1/2 tsp curry powder
1tbsp coconut oil (or vege oil)

SALAD

1/2 bunch kale, cleaned and torn into pieces
2 celery stalks, finely diced
1/4 red onion, finely diced
1/2 jalapeño, finely diced
1/2 bunch fresh coriander leaves, roughly chopped
1/2 bunch fresh mint, roughly chopped
1 fresh lime, zest and juice
1 firm apple, small dice
1/3 cup raisins
1/2 tsp garam masala
1/2 tsp sea salt
1/2 tsp freshly ground black pepper

Cook the quinoa: Bring the stock, quinoa and salt to a boil in a small pot. Reduce to a simmer and cover with a lid. Let cook for 15 to 20 minutes. Remove from the heat. Keep covered and let rest for about 10 minutes. Uncover, fluff with a fork and set aside to cool.

Make cashews: Next, mix the cashews with the oil, curry powder and salt. Toss to fully coat the nuts with the curry powder. Place into a warm oven on a tray and roast until just lightly toasted.

Prepare the salad ingredients as follows: To start, heat a large fry pan over medium heat. Once hot, add the oil, followed by the kale and a pinch of salt. Sweat for 2 to 3 minutes, or just until the leaves are wilted but still bright green.

To assemble the salad, place the quinoa into a large shallow bowl and toss with the kale. Next, add the celery, onion, jalapeño, apple, lime (zest and juice), raisins, cilantro, mint, garam masala, salt and pepper. Gently toss to coat. Taste for seasoning, adding more salt, pepper, jalapeño, garam masala and/or lime juice, as desired.

Lastly, lightly fold in half of the cashew nuts. Then garnish the top of the salad with the remaining nuts and serve. Serve warm or cold.

FROM THE LIONS' DEN

HAPPY NEW YEAR to all in the Community – we hope you all had a Happy and Safe Christmas with your loved ones and families. We've had a quiet time over the Christmas/New Year period, no doubt things will start to get busy again soon. It's a shame that the January market has been cancelled but completely understandable because of the COVID situation.

Some of the Stuffed Santas are still on display – weren't they wonderful this year? There are some very creative people in this area. Congratulations on the winners in both categories. The haybale Lion looks impressive in his new home.

Members were saddened when valued member Rob King, a member since 2013, passed away in December. Rob was a very determined person, an inspiration and always supportive of members. His sense of humour was legendary. Condolences to his family and friends.

Don't forget about our joint project with the Lilydale Fire Brigade to install smoke detectors in bedrooms of 'at risk' residents.

For more information call Jeff **0418 641 560**. This is a free service and is designed to increase home fire safety and also includes replacement of batteries. Some of this work has been carried out.

Keep roaring!

Santa results!

If you missed it on Facebook, the Stuffed Santa winners were:

1st. Waltzing Matilda

2nd. Two way conversation

3rd. Weight Lifting

People's Choice – Lily Garwood *(Right)*

LILYDALE COUNTRY WOMEN'S ASSOCIATION NEWS

HAPPY NEW YEAR'S greetings to Progressive readers.

It's a year when I guess we thought everyone would be free to come and go once again, no masks, no checking in, no Covid bugs loitering in the air.

So far this is not happening, hopefully everyone will keep being sensible and go carefully, no taking of unnecessary risks, just coping.

Christmas is all packed away, Santa to his black garbage bag this year with a Snowman companion. Thanks Jenny, the Snowman looked great, a query for all – why was the Snowman looking through the bag of carrots? He was picking his nose!

Sadly the time has come to pension off Santa's suit. The one we have used would be about 22 years old, it has survived Christmas parades, children's parties, and of latter years a seat under the tree outside the Uniting Church. It was purchased all those years ago for the sum of $6.00 at Chickenfeed, now the red is thin and the white departing from the main suit.

Two lasses came along as we were setting up our display – I wonder if the lass who whispered her wishes in Santa's ear was lucky.

It is nice to be having a break, but we will all be ready to face another busy year commencing on Wednesday February 2, 9.45 am at the Uniting Church Hall.

If you are interested in knowing more about CWA, or would like to become a member, please contact Dorothy on **6352 4898**, Margaret on **6395 1267**, Helen **0429 855 640**.

A catering job in December helped boost our funds.

To finish the year, we enjoyed lunch at the Granary at the Silos Hotel in Launceston.

Go safely, give your neighbours a "hi" and check that all is well with them.

We need to look out for each other without being intrusive.

Cheers for now.

Great Granny Barb

Happy New Year, looking good Lilydale!

LAST YEAR I wished you all a Happy New Year hoping 2021 would bring a happier year than the 12 months before.

Here in Tassie some of us were feeling guilty that we had escaped the worst of the pandemic though many families suffered much heartache when they were caught up in the effects of the virus.

We thought we had COVID under control but, despite their best efforts, both Federal and State, it raced ahead.

All kinds of restrictions were put in place including the dreaded lockdown and facemasks.

General uncertainty

The year 2021 came to an end with students' exams and future prospects caught up in the general uncertainty. Sporting fixtures were either cancelled or played in front of smaller crowds.

Northern Suburbs Community Centre Inc.

L2P Learner Driver Mentor Program

WE WOULD like to support residents of Lilydale! We support learners who need to get their 80 hours on road experience.

or call Mani/Grace for more information Wed & Friday 8.30am-2.30pm.

PH: 6326 6776

At time of writing the Aussies have the Ashes wrapped up.

As an ex Pom I have to concede they have been too good – this year!

On a brighter note Lilydale is looking pretty good !

The village green looks so attractive and there always seems to be someone using the tables for a picnic.

The swimming pool grounds are always being improved and those lovely trees make such a difference.

Walking past the backpackers' cottage yesterday I was surprised to see a whole range of food plants in the front garden with ripening tomatoes peeping through the front fence.

Hope you have picked them before someone else does!

Your visitors must enjoy sitting out on the verandah.

Very impressed

I had my first visit to the new Health Centre and was very impressed with the internal layout.

Everyone is thrilled with the new health centre and appreciate the variety of services now provided.

All our health professionals are kept busy keeping up with changing requirements and local residents do appreciate their hard work.

As I've said before – spread happiness not the virus!

Markets on hold

THERE WILL be no February 2022 market at Lilydale.

The markets will be managed by the LDPA (Lilydale District Progress Association) and the committee needs to meet to set up some roles to support the market in the future.

We thank Klare for her efforts last year in helping manage the market.

As the committee is currently made up of mostly new members, there is a lot to discuss and put into place before we will commit to running the market again.

We thank you for your patience and will communicate with you all what will be happening as soon as we can.

LDPA committee
